

**ASSOCIATION OF MEDICAL LABORATORY IMMUNOLOGISTS  
AUGUST 2023  
ABSTRACT RELEASE**

Dear 2023 Abstract Submitter:

At the request of many of our members, we would like to make some of the content from our annual meeting available online. Some of the items that would be of value to our members would be the abstracts and copies of posters presented at the meeting.

Therefore, we would like for you to consider participating in this endeavor. However, we will not use your materials without your authorization. If you are willing to have your abstract and poster included on a secure members' only section of our website, please indicate your release below and return this page as indicated. We feel that expanding our site in such a way will make it a much more useful and educational site to our members, and have already begun posting lectures from our faculty.
